

To Whom It May Concern

Testimonial for B2B Cashflow Solutions

With three manufacturing facilities within the UK, we have used the services of Ian Hart from B2B Cashflow Solutions on numerous occasions.

As the business of Meatsnacks Group has grown into Europe's largest producer of Jerky and Biltong, B2B Cashflow Solutions have been an integral part of that journey. Not only have they provided what could be described as normal financing solutions, but they have also added extra value in delivering innovative financing options; for example, arranging for funding on machinery manufactured in China, sale and leaseback transactions, and financing a large oven purchase in Scotland.

We look forward to continuing to work with Ian Hart and the team at B2B Cashflow Solutions for a long time to come, and would have no hesitation in recommending their services.

Philip Foster,
Finance Director,

19th January 2017.
